STANDARD FEATURES

BASE ENGINE

- Mercury V-Drive (320 HP)

COCKPIT

- Textured Flooring
- LED Courtesy Lights
- Helm Console Storage
- Movable Backrest
- Cup Holders
- Grab Handles
- Fuel Fill w/ Integrated Vent
- Bolstered Helm Seat
- Speakers
- Folding Xtreme Tower
- Battery Switch

HELM

- Ballast System
- Speed Control
- Tilt Steering
- Custom Sport Steering Wheel
- Convex Ski Mirror
- Safety Lanyard
- 12V Accessory Outlet
- USB Accessory Outlet
- Horn

SMARTCRAFT INSTRUMENTATION

- Speedometer
- Tachometer
- Digital Depth Indicator
- Fuel Level Indicator
- GPS Speed Control

HULL AND DECK

- 12V Navigation Lights
- Removable Swim Platform
- Stainless Steel Tow Ring
- Ski Tow Eye
- Bow & Transom Eyes
- Mooring Cleats (4)
- Elevator Plate
- Hull Graphic

HULL/DECK/PLATFORM COLOR

- Oxford Pure White
- Zeus Black

HULL ACCENT COLOR

- Bright Orange
- Kiwi Green
- Scarlet Red
- Impulse Blue

2018

THE WAKE IS A BEAST. THE PRICE IS ANYTHING BUT.

HEYDAY IS REVOLUTIONIZING THE WAKE SPORTS INDUSTRY BY OFFERING A LINEUP THAT PUTS CREATING A SUPERIOR WAKE ABOVE EVERYTHING ELSE. **BECAUSE IN THE END, IT'S ALL ABOUT WAKE, TUNES, CREW.**

"It's about time someone made a sick boat that people can actually afford." — Wake Pro Dylan Miller behind the WT-1

HEYDAY DIDN'T JUST CHANGE THE GAME. WE REBUILT IT FROM SCRATCH.

Unlike other wake sports boats that rely on expensive wake-shaping tabs, Heyday uses its signature hull shape to create both a superior wake and superior affordability.

Our purpose-built wake boats are designed with everything you need—nothing you don't.

Helms offer full wake, ballast and speed controls. Tons of storage accommodates all your gear. Innovative, social layouts with flexible seating gets you closer to the action. And powerful inboards deliver plenty of pull.

From beginners to seasoned pros, Heyday's combination of performance and value is a hit. So grab your board and your crew, and get ready for a great time.

IT LOOKS DIFFERENT BECAUSE IT IS DIFFERENT.

OUR SIGNATURE HULL IS DESIGNED TO DO ONE THING: MAKE A SUPERIOR WAKE.

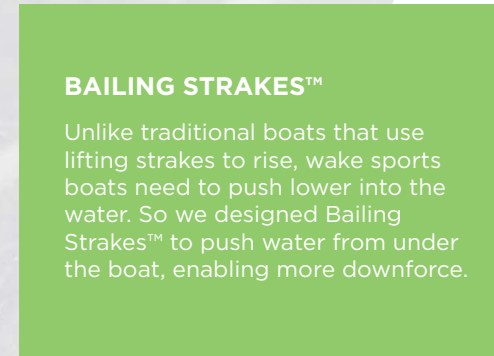

BOW SPONSONS

Twin bow sponsons allow the boat to take on large waves without taking on water while returning to the rider, and increase the boat's overall stability at slower speeds.

GREATER TRANSOM WIDTH

The optimal wakeboard wake is perfectly symmetrical. So we created one of the widest transoms in the category to cancel out prop torque, for balance and less sensitivity to weight distribution.

BAILING STRAKES™

Unlike traditional boats that use lifting strakes to rise, wake sports boats need to push lower into the water. So we designed Bailing Strakes™ to push water from under the boat, enabling more downforce.

117° TRANSOM ANGLE

Our unique, angled transom creates a natural curl in the wake as the water releases from the hull side at different times, producing a superior wave for surfing.

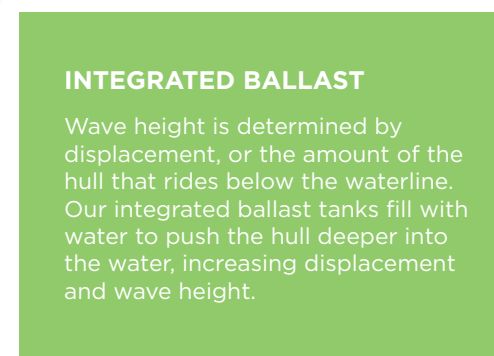

FREEBOARD DEPTH

Displacement is limited by the boat's side height or freeboard. Heyday's aft freeboard is deeper, increasing the amount of hull that can be pushed into the water.

RADIUSED TRANSOM CORNERS

Soft-radiused corners pull the water around on the listed side of the boat. Working with the 117° transom angle, they create an ideal surf curl.

INTEGRATED BALLAST

Wave height is determined by displacement, or the amount of the hull that rides below the waterline. Our integrated ballast tanks fill with water to push the hull deeper into the water, increasing displacement and wave height.

SPEED CONTROL

Our standard GPS Speed Control system allows you to maintain a constant speed for a more consistent wave.

WAVE HEIGHT: IT HAS TO MEASURE UP

A TALL WAVE IS VITAL TO BOTH WAKEBOARDING AND WAKESURFING—AND THE INSPIRATION FOR HEYDAY'S SIGNATURE HULL DESIGN.

With a simple flip of a switch, Heyday's built-in ballast tanks fill with water to add weight and push the hull further below the waterline. Our Bailing Strakes™ help push water from under the boat, minimizing the hull's resistance to downforce, while a deep freeboard allows for increased water displacement. And our speed control system maintains a constant speed for a more consistent wave.

See our wakes in action and learn how to use them at heydaywakeboats.com

GREAT HEIGHT

LARGE WATER COLUMN GIVES THE RIDER MORE PUSH

LONGER WAVE

PROVIDES A LARGER STAGE FOR SHOWING OFF

MORE DISPLACEMENT

GREATER VOLUME OF WATER FUELING THE WAVE

SOLID, STEADY PUSH

WAVE MAINTAINS CONSISTENCY THROUGH THE ENTIRE RIDE

DISPLACEMENT = HEIGHT

IDEAL SYMMETRY

CONSISTENT WAVE SHAPE FOR BOTH TOE AND HEEL SIDE

PLENTY OF POP

RIDER CAN BOOST OFF THE WAVE AND MAXIMIZE HANG TIME

HULL SHAPE = WAVE SHAPE

WAVE SHAPE: NATURALLY SUPERIOR

SIZE MEANS NOTHING WITHOUT THE PERFECT SHAPE. THAT'S WHY HEYDAY BOATS ARE DESIGNED TO CREATE WAKES THAT SUSTAIN A SURFER'S RIDE AND LET BOARDERS GRAB MAJOR AIR.

For surf waves, our 117° transom angle and soft-radiused transom corners combine to generate a natural curl off the listed side of the boat, creating a firm, clean surf pocket without the use of expensive tabs. Wakeboarders praise our extra-wide transom, which cancels out prop torque and gives the boat more balance and less sensitivity to passenger weight distribution.

See our wakes in action and learn how to use them at heydaywakeboats.com

RIGID CURL

FORMS A SURF POCKET THAT PUSHES THE RIDER FORWARD

WT SURF

- Length Overall (LOA) 25' 1" 7.65 m
- Beam 8' 0" 2.44 m
- Estimated Draft 29" .74 m
- Dry Weight 4,300 lbs 1,950 kg

- Ballast 1,270 kg
- Capacity 17 Persons
- Base Engine 5.7L / 350 HP
- Fuel Tank 227 l

PULLS ITS WEIGHT. AND THEN SOME.

WT-SURF: OUR LARGEST, MOST COMFORTABLE MODEL YET.

The new WT-Surf offers a sleeker profile, better protection from the elements, and more ballast than ever before. That makes for a longer surf wave, and massive value for wake enthusiasts and day boaters alike.

Built for socializing, the layout offers ample space for gathering in the bow, cockpit and stern. Rich, new double-stitched upholstery makes the versatile seating even more welcoming. With great features and added comforts, the WT-Surf is perfect for wake, tunes and your entire crew.

MAKE IT YOUR OWN

Every WT-Surf is wake-ready, but you can customize yours with popular Heyday options like:

- Swivel board racks
- 320-409 HP power options
- Integrated touchscreen display
- GPS speed control

This model is manufactured in North America. Optional accessories and equipment may differ. Confirm availability of all accessories and equipment with an authorized Heyday dealer prior to purchase.

WT-2

- Length Overall (LOA) 22' 6"
- Beam 8' 0"
- Estimated Draft 31"
- Dry Weight 3,550 lbs
- 1,610 kg

- Ballast 816 kg
- Capacity 12 Persons
- Base Engine 6.2L / 320 HP
- Fuel Tank 132.5 l

PERFORMANCE MEETS PRACTICALITY.

WT-2: SEATING CAPACITY AT A STAND-OUT VALUE.

At just under 7 meters and with a side console configuration, the WT-2 is spacious and affordable. A roomy L-lounge in the bow and additional seating welcome up to 12 passengers. Unique 'hot tub' seats in the stern are close to all the action, and equally comfortable for both aft- and forward-facing.

Storage at the front of the helm keeps boards and other large gear secure. Seating throughout the boat offers plenty of additional storage, and the base seating is removable for easy cleanup after a day on the water.

MAKE IT YOUR OWN

Every WT-2 is wake-ready, but you can customize yours with popular Heyday options like:

- Deluxe textured flooring
- Storage tray above motor
- Ski tow pylon
- Sunshade for tower

WT-1SC

- Length Overall (LOA) 19' 6"
- Beam 8' 0"
- Estimated Draft 31"
- Dry Weight 3,150 lbs
- 5,94 m
- 2,44 m
- .79 m
- 1,429 kg

- Ballast 544 kg
- Capacity 9 Persons
- Base Engine 6.2L / 320 HP
- Fuel Tank 132.5 l

OUR ORIGINAL GAME CHANGER.

WT-1SC: A TRULY AFFORDABLE WAKE SPORTS BOAT.

At just under 6 meters, the WT-1SC offers maximum affordability while being garage friendly and easily towed by a smaller vehicle. This model is simple to maintain and its popular side console helm design makes for a social, roomy layout.

Removable seating allows you to clean your boat with ease. In-floor and under-seat storage throughout the cockpit offers ample room for gear. Our unique 'hot tub' seating makes rider viewing and forward cruising equally comfortable.

MAKE IT YOUR OWN

The WT-1SC is wake-ready, but you can customize yours with popular Heyday options like:

- LED light package
- Soft-sided cooler
- Digital screen dash upgrade
- Deluxe travel cover
